# International Seminar ON DIGITALISATION OF DATA FOR OIL PALM BREEDING & ANNUAL GENERAL MEETING 26 October 2021

## INTRODUCTION

The International Society for Oil Palm Breeders (ISOPB) and Malaysian Palm Oil Board (MPOB) are organising the International Seminar on Digitalisation of Data for Oil Palm Breeding on 26 October 2021 virtually.

This event is in conjunction with the 10<sup>th</sup> ISOPB Annual General Meeting

## OBJECTIVES

- To review latest data technologies applicable to oil palm breeding and seed production; and
- To outline impact of new data technologies to oil palm industry.

## WHO SHOULD ATTEND?

The seminar is suitable for breeders, seed producers, nursery operators, tissue culturists, biotechnologists, agronomists, entomologists, plant pathologists, plant physiologists, policy makers, planters, managers, researchers, academia, consultants, students and those interested in oil palm breeding and seed production.

## TENTATIVE SEMINAR PROGRAMME

Topics to cover during the seminar are:

1. Screening for progenies (nursery and field)
2. Scoring and disease assessment
3. Molecular studies for oil palm breeding
4. Database development for oil palm breeding, seed production and tissue culture
5. Mapping and Geographic Information System (GIS)
6. Bioinformatics
