INTERNATIONAL SEMINAR ON *Elaeis oleifera* AND INTERSPECIFIC HYBRID

Impiana KLCC Hotel
Kuala Lumpur, Malaysia

10 November 2023 (Friday)

INTRODUCTION

The International Society for Oil Palm Breeders (ISOPB) is organising the International Seminar on *Elaeis oleifera* and Interspecific Hybrids. The seminar is organised in conjunction with the International Palm Oil Congress and Exhibition (PIPOC) 2023. The seminar covers the collections, evaluation, utilisation, conservation and molecular studies. In the seminar, multiple traits of interest from *Elaeis oleifera*, e.g. oil quality, management friendly agronomic traits and disease tolerance traits, will be discussed.

OBJECTIVES

- ✓ To review the current breeding progress on *Elaeis oleifera*, interspecific hybrids, and backcrosses.
- ✓ To update the science of breeding in *Elaeis oleifera*, interspecific hybrids and backcrosses.
- ✓ To update the status and challenges of commercialisation in interspecific OxG hybrids and backcrosses.
